WEDNESDAY, JULY 7, 1920.

A few days ago The Banner commented on the fact that there are more good hotels in Vermont than most people realize and every season new ones are being opened up and old ones improved. Due to the efforts of Hon. John Barrett who spoke in Bennington Monday, the hotel in the beautiful little village of Crafton, twelve miles west of Bellows Falls, has been purchased and reopened by H. N. Dutton. Mr. Dutton is a hotel man of national reputation who has been compelled to retire to the country on account of his health, and Vermont gets another first class summer hotel. The Grafton Tavern, a hotel that will accommodate a hundred or more guests, is located on a good road and ought to prosper.

In less than half an hour after the Democratic convention at San Francisco had nominated Cox, the news was announced on the bulletin board of The Evening Banner. And at that the night telephone operator at the local exchange had to ring several times to get The Banner bulletin out of bed. This prompt service to the people of Bennington is due to the Associated Press, the greatest news-gathering organization in the world, though its workings are little understood or appreciated by the millions who read its product. Over its thousands of miles of leased wire the important news of the world is shot to every important center by the Associated Press, and from these centers it is distributed by telegraph and telephone. The news of the convention, three thousand miles away, was known on the streets of Bennington just about as soon as it was on the streets of San Francisco, for the reason that The Evening Banner is a member of the Associated Press.

The Democrats at Chicago have copied the Republicans in another respect—they have put the best half of their ticket at the rear end. Governor Cox, the heart of the ticket is a politician of the Tammany type whose nomination is due to the backing of Tammany boss Tom Ladd, and Sullivan-Brennan machines. Having completely discredited the Wilson administration in naming the head of the ticket, Murphy and his friends graciously relented a little and permitted Franklin D. Roosevelt to be named for vice president. Perhaps they couldn't prevent it. After a big bunch of delegates has been carefully nursed and tended for about so long they sometimes get away and do as they damn please, and this may have happened at San Francisco as it did at Chicago. Anyhow Franklin Roosevelt was nominated for vice president and Secretary Roosevelt is a real man and considerably superior in most important respects to the clever little politician at the head of the ticket. In order to see the best part of either ticket this year one has to look at the candidate for vice president.

## All You Could Hope For And In Full Measure

The Cleveland Six gives all, in every-day year-around performance, and gives it in full measure, that you could hope for from the car you buy.

It combines so many good features, power, sturdiness, comfort, style and economy of operation, all worthy of discriminating consideration, that it has come into a place of distinction among light cars.

The exclusive Cleveland motor, of the over-head valve type, quiet and powerful, gives real life to the car. It has flexibility of power and ease of driving that cannot be found in many cars.

"It handles like a feather," says

one owner. "It steps out as fast as any car ever built," is another's comment. "It fairly glides over the long mountain climbs," writes a Colorado enthusiast.

The sturdy Cleveland chassis is featured by low-understanding spring construction, positive brakes, and other factors of comfort and safety.

On this one standard chassis are mounted four bodies of unusual beauty and dignity, all handsomely finished and splendidly upholstered.

## GOV. COOLIDGE ACTS To Save Money To The Public

In a special message to the Massachusetts legislature Gov. Coolidge declares interest on public utilities should be increased to attract new capital and keep down the rates for gas and electricity.

"Several of the gas and electric companies find it necessary to provide for meeting maturities or notes and bonds by financing themselves. They are unable to sell stocks and bonds on this market without paying above the present legal rate. If this be done it will no doubt result in a considerable saving to the public."

The TWIN STATE plan to sell, PRIOR LIEN STOCK, bearing a high rate of interest. Every purchaser of this security is helping his community, according to Gov. Coolidge's statement. Pays 7.36 per cent.

## Another Chronic Case of Rheumatism Yields to Treatment of Var-ne-sis

Further Proof That

VAR-NE-SIS Cures RHEUMATISM

W. A. Varney, Dear Sir—  
"For 27 years I suffered all the tortures of pain that go with rheumatism, in my feet, knees, hips, elbows, shoulders, in fact, all over my body. I doctored for it in Massachusetts, Connecticut, New York, Michigan and Wisconsin. Went to a sanitarium in Milwaukee, took all kinds of baths, etc., but got very little relief. Took every kind of medicine that was recommended me to relieve rheumatism, but only got a little relief for a while. I was laid up in bed for over a year altogether. One day, while reading a Boston newspaper, I saw a case like mine that Var-ne-sis relieved. I made up my mind to send for it, and thank God I did, for I am now a well man, entirely free from rheumatic pains. Wishing you success with your medicine and hoping you will live a great many years to help others as you helped me. Yours respectfully,  
(Signed) W. A. Varney, Lynn, Mass."

The time to take Var-ne-sis is NOW. Don't suffer another day. Get that cure straight. In liquid or tablet form. You ought to read "The Last of the Huns" "Send for it today. 10¢ Price. Address W. A. Varney, Lynn, Mass."
